

DK16 DIAMOND CORE DRILL

- Nominal power: 2000 W
- Drilling diameter: 20 – 160 mm
- Number of gears: 3
- Wet drilling machine

Powerful core drill, stable construction thanks to full metal housing, 3-speed gearbox with oil bath lubrication and overload clutch, motor protection and soft start thanks to Intellitronic

Technical data

		DK16	DK16S
Nominal power	W	2000	2000
Output power	W	1340	1340
Nominal speed	1/min	540/1200/2520	790/1800/3700
Total length	mm	350	350
Weight	kg	5,9	5,9
Drilling diameter in concrete approx.			
rig operated	mm	20-160	12-110
hand held	mm	20-100	20-100
Tool fixture DK16		G 1/2"	G 1/2"
Tool fixture DK1603		1 1/4" + G 1/2"	1 1/4" + G 1/2"
Clamping neck diameter	mm	60	60

Advantages

- Universal diamond core drilling machine for hand-held and column-guided drilling with a wide drilling range
- Powerful, air-cooled drive motor
- 3-speed gearbox with oil bath lubrication and overload clutch
- Motor protection and soft start thanks to Intellitronics
- Leveling aid thanks to two integrated spirit levels
- Robust and reliable construction thanks to full metal housing, compact design
- Supplied with tool set in a practical carrying case
- Available with G 1/2" + 1 1/4" combination spindle

Application examples

- Hand-guided wet drilling of concrete, masonry and rock
- Penetrations for cables, routes and pipes
- Perforation drilling for feed-throughs in the sanitary and heating sector
- Ventilation and air vents

Accessories

AS12	Drilling spike: Centering point for easy spot drilling, for drill bit lengths up to 480 mm
WR10	Water collecting ring: Drill guide with water collection ring
DK10240	Adaptor sleeve G 1/2" to 1 1/4" + G 1/2"
